

Farm Fresh to your church!

What is a CSA?

A CSA (Community Supported Agriculture) is a way for you to practice good stewardship of the earth and build a great relationship with your local farmers here at Avalon Acres. Every week we will hand deliver a basket of our fresh produce, eggs and meats and Amish baked goods right to your church. The CSA season runs 26 weeks from late spring (May) through early fall (October).

Why join a CSA?

Just a few of the countless reasons to join our CSA program are listed below. For more, visit us online!

- **Support your local economy!** Why purchase from out-of-state corporate farms, when you have many local family-run farms right down the road?
- **Go green!** Since everything is grown right here in Tennessee, the carbon footprint of your food is tiny.
- **Taste the difference!** You won't believe how much more flavorful our farm fresh foods taste.
